

CHILDREN'S RIGHTS POLICY

Children are entrusted to us as the future. Recognizing them as individuals, respecting their rights, and protecting them against all forms of psychological, physical, and commercial exploitation is our foremost responsibility.

To ensure this, we:

- Do not allow child labor within our organization and expect the same level of sensitivity from all our business partners,
- Provide environments and opportunities that support children's development, where they can freely express their thoughts, emotions, and desires and feel safe and comfortable,
- Offer training to our staff on the prevention and identification of child abuse,
- Ensure that children participating in any activity are always supervised by responsible adults,
- Organize training and support relevant projects to raise awareness about the protection of children's rights,
- Report any suspicious acts involving children to hotel management and, if necessary, seek assistance from official authorities.
